Hosting CANSSI Call for Expressions of Interest

We are inviting institutions from across the country to submit expressions of interest in becoming the host institution for CANSSI. Becoming the host institution provides an opportunity to build and shape statistical sciences across the country, across the host institution's province, and within the local community. It is expected that the host institution will provide resources to support the director and the deputy director, space, and administrative support.

Expressions of interest will be evaluated by a committee of the Board of Directors of CANSSI constituted for this purpose, according to the criteria detailed below. This committee will make recommendations to the Board of Directors.

Submissions can be received at any time; the committee will begin its evaluation on **April 1, 2017** with the goal of making a recommendation to the Board in **December 2017**.

Please submit expressions of interest to A Plagemann, the Scientific Coordinator of CANSSI, by email info@canssi.ca.

Expressions of interest in being a host institution for CANSSI will be evaluated based on

- Potential for scientific leadership at the host institution
- Level of commitment to the position of Director
- Level of commitment to staff
- Availability of space

Please feel free to discuss your expression of interest with Nancy Reid, Director of CANSSI, reid@utstat.utoronto.ca, or John Braun, Deputy Director of CANSSI, john.braun@ubc.ca.
